

CancerControl Alberta

If you are a current family or internal medicine physician, who loves challenging and rewarding opportunities in providing medical inpatient care in a unique oncology setting, have excellent interpersonal and communication skills, and are interested in working as part of a dynamic team, we want to hear from you!

The Cross Cancer Institute (CCI) is a free-standing integrated cancer treatment and research facility that functions as the tertiary oncology referral centre for Northern Alberta. It has a strong record of basic and translational research as well as clinical trial activity in oncology.

We are seeking qualified physicians to fill a number of positions in our well established and successful Hospitalist Program. The CCI Hospitalist program is comprised of a high functioning group of family or internal medicine physicians with an interest in medical inpatient care for oncology patients. The Program provides high quality responsive and timely care for patients going through chemotherapy and radiation treatments and in managing toxicities of treatment and complications of their cancer. Team members play a valuable role in the delivery of care to oncology patients requiring hospitalization. Core services include daily scheduled care, assessment of new patients for admission to the program, performing necessary procedures and after hours support.

The City of Edmonton, with a growing population of over one million, is the cosmopolitan capital of Alberta known as "The City of Festivals". With an abundance of services, a beautiful river valley, a multitude of community activities and attractive and financially reasonable living accommodation options, our energetic city has something for everyone. For further details about our vibrant city, please visit www.edmonton.ca. To keep pace with the needs of the population, the AHS is in the planning stages of the Edmonton Zone 2030 Plan which will help guide future health services and infrastructure supports. Edmonton Cancer Care has also been part of \$1.3 billion for new and announced projects in Edmonton and Calgary including CCI.

Positions available:

Part-time and full-time

Qualifications:

- Must be eligible for licensure and in good standing with the College of Physicians & Surgeons of Alberta
- Opportunity to participate in program development and implementation
- Previous medical inpatient care experience is an asset

Compensation:
